

What can you remember about adding the suffix -er to a word?

The suffix 'er' is added to the end of adjectives to compare two things...

e.g. small.

The girl was smaller than the boy.

The suffix -er can also be added to a verb to change it into a noun.

e.g. run- runner

teach- \_\_\_\_\_

Change these words by adding the suffix -er.

Write them into a sentence.

build

call

run

fight

sing

dance

report
