

WALT: understand the season and weather will affect animals lives

In class today we discussed how seasons and weather will affect animals lives.

Write sentences explaining what you predict will happen to animals in spring, what they will see and why.

I predict that in the spring....

Hibernating Animals

hedgehog

dormouse

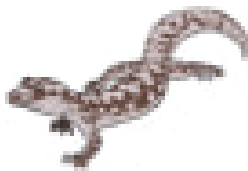

bat

ladybird

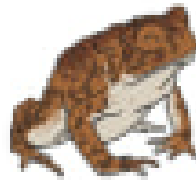

bumblebee

newt

frog

toad

grass snake

adder

underground

cosy

safe

deep sleep

hole

winter months

warm

Challenge:

In your books write what hibernation means.

What animals hibernate in winter and why.
