Knowing how to create and use programmes

Digital world

Digital World
Knowing how to use a range of technology

Curriculum Objectives

- use technology purposefully to create, organise, store, manipulate and retrieve digital content
- use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies

Learning Overview

Learners will begin to understand what the term data means and how data can be collected in the form of a tally chart. They will learn the term 'attribute' and use this to help them organise data. They will then progress onto presenting data in the form of pictograms and finally block diagrams. Learners will use the data presented to answer questions.

Lessons will cover:

- Counting and comparing
- Enter the data
- Creating pictograms
- What is an attribute?
- Comparing information

Presenting information
