Spring 2 Year 4 – Photo Editing

Computing Concepts	Presentation Expressing ideas	Systems Knowing how to create and use programmes	Digital World Knowing how to use a range of technology

Curriculum Objectives

- Select, use, and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems, and content that accomplish given goals, including collecting, analysing, evaluating, and presenting data and information
- Use technology safely, respectfully, and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact

Learning Overview

Learners will develop their understanding of how digital images can be changed and edited, and how they can then be resaved and reused. They will consider the impact that editing images can have, and evaluate the effectiveness of their choices.

Lessons will cover:
- Changing digital images
- Recolouring
- Cloning
- Combining
- Creating
- Evaluating
